# SWA Workshop

## Peggi Kroll Roberts

Oil Workshop

June 27, 28, 29, 2014

Friday, Saturday, Sunday 9:00 - 4:00 PM

### ***Peggi's Figure and Still Life Workshop***

*In this workshops the figure will be the subject matter, however the focus will be on improving drawing skills and seeing values and colors correctly and understanding their relationships to each other. There will be daily demonstrations emphasizing the big shapes and establishing their relationships correctly. This provides a springboard to adding additional information if the individual artist desires. We will address design and technique in a manner in which the individual artist may express themselves in a personal way. The student will experience many specific assignments, which helps to "get to the point a little more quickly". Be ready to cover a lot of canvas and "learning through earnest mileage". Students will receive plenty of one-on-one instruction and individual demonstrations as needed.*

---

### **Workshop information:**

Three-day workshop; day one, Still Life, day two and three "The Figure." There will be demonstrations, discussions, and individual instruction. The workshop is open to all levels. A materials list will be sent to you upon receipt of registration and payment.
